Continental Mountain King Tire | ProTecton |

Beeq recommends the use of this tire, as an upgrade, on the Full-Suspension/HardTail models.

This tire is the perfect trail ride companion - not stingy on grip, ideal for full-suspension/HardTail trail bikes. The snappy central knobs and grippy outer knobs means it offers maximum grip.

BlackChili Compound: offers the a good balance between grip and rolling resistance. The latest polymers as well as specially developed carbon black particles and filler materials guarantee unique performance, be it on a road, gravel or a mountain bike, for time trialling or downhill.

ProTecton: The extra all-round puncture protection layer renders the casings extremely durable and resistant to damage or penetration from foreign elements. Treads and sidewalls are equally protected, and are 25% lighter and offer 30% more puncture protection than their predecessors protected by DuraSkin®. Rolling resistance and absorption has also significantly improved. The new Revolution Tubeless Ready Bead improves the installation of Tubeless Ready Tires.

Technical Data:

Size: ETRTO 65-584 (27.5x2.60 inch)

Type: Folding

Compound: BlackChili

Version: ProTecton

Color: Black

Seal: Tubeless Ready

Weight: 790g

Pressure: 1.9-3.0 Bar (29-44 psi)

TPI: 3/180

E-Bike: E-25

Product number: 0101583
